Class A Members. "Class A Members" means all Owners, with the exception of the Declarant and Approved Builder(s), and shall be entitled to one (1) vote for each Lot owned. When more than one person holds an interest in any Lot, all such persons shall be members. The vote for such Lot shall be exercised as the owners of the specific Lot determine, but in no event shall more than one vote be cast with respect to any Lot.

Class B Members. "Class B Members" means the Declarant and any Approved Builder(s) who own a Lot within the Subdivision, and shall be entitled to three (3) votes for each Lot owned by Declarant or Approved Builder(s), respectively.

The Class B Membership shall cease and be converted to Class A Membership when Declarant and any Approved Builder(s) elect by written notice to the Association to convert their Class B Membership to Class A Membership or when the last Lot in the Subdivision is transferred by deed to an entity or individual other than the Declarant or an Approved Builder.

ARTICLE IV - COVENANT FOR MAINTENANCE AND ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. Each Owner of any Lot (except for Declarant and Approved Builder(s)) by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) a one-time Initiation Fee, (2) annual assessment or charges, and (3) special assessments for capital improvements, such assessments to be established and collected as herein provided. The "Initiation Fee" shall be a charge collected at the initial closing of a Lot to an entity other than the Declarant or an Approved Builder, and again each time the subject Lot is transferred of record. The Annual Assessments, Special Assessments, and Special Individual Assessments (collectively "Assessments" and individually an "Assessment") together with interest, costs, and reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the Lot against which each such Assessment is made as of that date upon which such Assessment is made and continuing until paid. Each such fee and Assessment, together with interest, costs, and

reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of such lot at the time when the Assessment fell due. The personal obligation for delinquent Assessments shall not pass to such Owner's successors in title unless expressly assumed by them, but shall remain a lien upon the transferred lot.

Section 2. Purpose of Assessments.

(a) The Assessments levied by the Association shall be used exclusively to promote the recreation, health, safety and welfare of the residents of the Subdivision and in particular for the improvement and maintenance of services and facilities devoted to this purpose and related to the use and enjoyment of the Common Area, including, but not limited to,

- i. the costs of repairs, replacements and additions, labor, equipment, materials management and supervision of the Common Area;
- ii. the payment of taxes assessed against the Common Area;
- iii. the maintenance of water and sewer mains in and upon the Common Area;
- iv. the maintenance of open spaces and streets which have not been accepted for dedication by a public authority, roadway medians and islands (including medians and islands located in dedicated right-of-way), drives and parking areas within the Common Area,
- v. the procurement and maintenance of insurance in accordance with the Bylaws;
- vi. the maintenance of lakes, ponds, retention areas or other bodies of water located within the Common Area, if any, as well as the maintenance of dams and areas surrounding such water;
- vii. the maintenance of any "sign easement" areas located on any Lot, as shown on the Plat;
- viii. the maintenance of entranceways, landscaping and lighting of the Common Area, road medians, islands and entranceways, and the lighting of streets (whether public or private);
- ix. the payment of charges for garbage collection and municipal water and sewer services furnished to the Common Area;
- x. the costs associated with duties of the Architecture Review Committee;
- xi. the employment of attorneys and other agents to represent the Association when necessary;
- xii. the provision of adequate reserves for the replacement of capital improvements including, without limiting the generality of the foregoing, paving, and any other major expense for which the Association is responsible; and such other needs as may arise.

(b) The Association can but is under no obligation to establish and maintain an adequate reserve fund for the periodic maintenance, repair and replacement of improvements to the Common Area and those other portions of the Subdivision which the Association may be obligated to maintain. Such reserve fund, if established, is to be established out of the Annual Assessments or Special Assessments for common expense.

(c) All monies collected by the Association shall be treated as the separate property of the Association, and such monies may be applied by the Association to the payment of any expense of operating and managing the Subdivision, or to the proper undertaking of all acts and duties imposed upon it by virtue of this Declaration, the Articles of Incorporation and the Bylaws. When a Lot Owner shall cease to be a member of the Association by reason of his divestment of ownership of his Lot, by whatever means, the Association shall not be required to account to such Owner for any share of the funds or assets of the Association, which may have been paid to the Association by such Owner, as all monies which any Owner has paid to the Association shall be and constitute an asset of the Association which may be used in the operation and management of the Subdivision.

(d) The Declarant and the Association shall be responsible for maintenance and repair of the Storm Water Management Facilities until title to the Storm Water Management Facilities is transferred to the Association pursuant to Article II, Section 4 above, at which time the Association shall be solely responsible for the maintenance and repair thereof. Maintenance and repair of the Storm Water Management Facilities is mandatory per local, state, and federal regulations and violations of said regulations may result in civil and/or criminal penalties.

(e) Funds for storm water management will be kept separate from other funds as a line item in the Association's overall budget.

Section 3. Initiation Fee. The Initiation Fee shall be set by the Declarant and paid by the purchaser of a Lot to the Association contemporaneously with each transfer of ownership of any Lot to a party other than the Declarant or an Approved Builder. The Initiation Fee shall not be prorated. The Initiation Fee shall be used for common expenses and can be used for unforeseen expenditures or to acquire equipment or services deemed necessary or desirable by the Board for common Association purposes.

Section 4. Annual Assessment. The initial Annual Assessment shall be set by the Declarant. Once the initial Annual Assessment has been set, the Annual Assessment shall be paid on a calendar year basis unless changed by the Board of Directors.

From and after January 1 of the year immediately following the conveyance of the first Lot to a Class A Member, the maximum Annual Assessment may be increased each year by the Declarant or the Board by not more than twenty (20%) percent above the maximum Annual Assessment for the previous year without a vote of the Owners. From and after January 1 of the year immediately following the conveyance of the first Lot to a Class A Member, the maximum Annual Assessment may be increased above twenty (20%) percent of the maximum Annual Assessment for the previous year only by an affirmative vote of two-thirds (2/3) of all Owners who are voting in person or by proxy, at a meeting duly called for this purpose.

Section 5. Special Assessments and Special Individual Assessments.

(a) In addition to the Annual Assessments, the Association may levy, in any calendar year, a Special Assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of a capital improvement in the Subdivision, or for other special or extraordinary, but not recurring purposes, as identified and approved by the Board, provided that any such assessment shall be approved by an affirmative vote of 2/3 of all Owners who are voting in person or by proxy at a meeting duly called for this purpose at which a quorum is present. No Owner may waive or otherwise escape liability for the assessments provided for herein by abandonment of his lot or otherwise.

(b) In addition to the Annual Assessments and the Special Assessments, the Board shall have the power to levy a Special Individual Assessment applicable to any particular Owner (1) for the purpose of paying the cost of any construction, reconstruction, repair or replacement of any damaged component of the Common Area, including the public roads (prior to their acceptance for public maintenance), whether occasioned by an act or omission of such Owner, members of such Owner's family, or such Owner's agents, guests, employees, or invitees and not as a result of ordinary wear and tear, or (2) for the payment of fines, penalties, or other charges imposed against any Owner relative to such Owner's failure to comply with the terms and provisions of this Declaration, the Bylaws, or any rules and regulations promulgated by the Association or Declarant pursuant to this Declaration or the Bylaws. The due date of any Special Individual Assessment levied pursuant to this Section shall be fixed in the Board's resolution authorizing such Special Individual Assessment. Upon the establishment of a Special Individual Assessment, the Board shall send written notice of the amount and due date of such Special Individual Assessment to the affected Owner(s) at least ten (10) days prior to the date upon which such Special Individual Assessment shall be due.

Section 6. Notice and Special Quorum for any Action Authorized under Sections 4 and 5. Written notice of any meeting called for the purpose of taking any action authorized under Section 4 or 5 shall be sent to all Owners not less than thirty (30) days and no more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of Owners or of proxies entitled to cast forty (40%) percent of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half ($\frac{1}{2}$) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 7. Uniform Rate of Assessment. Both Annual Assessments and Special Assessments must be fixed at a uniform rate for all Lots.

Section 8. Date of Commencement of Annual Assessments. The Annual Assessments provided for herein shall commence as to all Lots owned by Class A Members as of the filing of this Declaration. The first Annual Assessment shall be adjusted according to the number of months remaining in the calendar year. Subsequent Annual Assessments will be due not more than once in a twelve-month period as determined by the Board. The Board shall fix the amount of the Annual Assessment against each Lot at least thirty (30) days in advance of each Annual Assessment

period. Written notice of the Annual Assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the Assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of Assessments on a Lot is binding upon the Association as of the date of its issuance.

Notwithstanding the provisions of this Section 8, Lots owned by Declarant or Approved Builder(s) shall be exempt from the Initiation Fee, Annual Assessments, Special Assessments, and Special Individual Assessments during Declarant's or Approved Builder's ownership of the Lot(s). The Initiation Fee, Annual Assessments, Special Assessments, and Special Individual Assessments for such Lot(s) shall commence upon the date of sale of the Lot to a Class A Member.

Section 9. Effect of Nonpayment of Assessments: Remedies of the Association. Any Initiation Fee, Annual Assessment, Special Assessment, or Special Individual Assessment not paid within thirty (30) days after the due date shall be subject to a \$25 late fee and bear interest from the due date at the rate of fifteen (15%) percent per annum. The Association may bring an action at law or in equity against the Owner personally obligated to pay the same, or foreclose the lien created herein against the Lot subject to the Assessment in the same manner as prescribed by the laws of the State of South Carolina for the foreclosure of mortgages, and interest, costs, and reasonable attorney's fees for representation of the Association in such action or foreclosure shall be added to the amount of such Assessment. No Owner may waive or otherwise escape liability for payment of the Assessment provided for herein by nonuse of the Common Area or abandonment of his or her Lot nor shall damage to or destruction of any Improvements on any Lot by fire or other casualty result in any abatement or diminution of the Assessments provided for herein.

Section 10. Effect of Default in Payment of Ad Valorem Taxes or Assessments for Public Improvements by Association. Upon default by the Association in the payment to the appropriate governmental authority of any ad valorem taxes levied against the Common Area or assessments for public improvements to or for the benefit of the Common Area, which default shall continue for a period of six (6) months, each Owner of a Lot in the Subdivision shall become personally obligated to pay to the taxing or assessing governmental authority a portion of such unpaid taxes or assessments (including any late payment penalties) in an amount determined by dividing the total taxes, assessments, and penalties due the governmental authority by the total number of Lots in the Subdivision. If such sum is not paid by the Owner within thirty (30) days following receipt of notice of the amount due, then such sum shall become a continuing lien on the Lot of the then Owner, his heirs, devisees, personal representatives and assigns, and the taxing or assessing governmental authority may either bring an action at law or equity or may elect to foreclose the lien against the Lot of the Owner. This Section shall not become applicable until Class B Membership ceases to exist.

Section 11. Subordination of the Lien to Mortgages. The lien of the Assessments against a Lot provided for herein shall be subordinate to the lien of any first mortgage upon such Lot. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any

lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such foreclosure sale or transfer. No foreclosure sale or transfer shall relieve such Lot from liability for any Assessments thereafter becoming due or from the lien thereof.

Section 12. Obligation of the Declarant with respect to Maintenance Assessments. So long as the Declarant owns at least one Lot in the subdivision, Declarant may opt to either pay all expenditures in excess of collections (deficit funding) or choose to have its Lots subject to the regular Assessments. After fifty (50%) percent of the Lots are conveyed to Owners other than the Approved Builder (s), any such deficit funding will be considered a loan to the Association and Declarant may require the Association to reimburse Declarant in full prior to the expiration of Class B Membership.

ARTICLE V – INTENTIONALLY OMITTED

ARTICLE VI – ARCHITECTURAL CONTROL

Until such time as the Class B Membership expires, Declarant shall annually appoint the members of the Architecture Review Committee which will be comprised of at least three (3) members.

Section 1. Plan of Design Approval. All residences, outbuildings, and other structures initially constructed within the Subdivision by an Approved Builder (collectively, “Initial Improvements”) shall be built in accordance with plans and specifications which have been previously approved by Declarant. Under no circumstances shall any additional architectural approval be required as to the Initial Improvements constructed by any Approved Builder. Other than the Initial Improvements constructed by an Approved Builder, no building, fence, wall, porch, deck, or any other structure or improvement (collectively, “Improvements”), including, without limitation, the alteration or painting of the exterior surface of any Improvement, shall be undertaken upon any Lot unless the plans and specifications and location of the proposed Improvement shall have been expressly approved in writing by the Architecture Review Committee. No subsequent alteration or modification of any Improvements or construction, erection or installation of additional Improvements may be undertaken or allowed to remain on any Lot without the review and express written approval of the Architecture Review Committee in accordance with the provisions of this Declaration.

Section 2. Architecture Review Committee. Until such time as the Class B Membership expires, Declarant shall annually appoint the members of the Architecture Review Committee, the exact number of members of the Architecture Review Committee being designated by Declarant from time to time. Each member shall be generally familiar with residential and community development design matters and knowledgeable about the Declarant’s concern for a high level of taste and design standards within the Subdivision. In the event of the death or resignation of any member of the Architecture Review Committee, Declarant, for so long as it has the authority

to appoint the members of the Architecture Review Committee, and thereafter the Board, shall have full authority to designate and appoint a successor. Members of the Architecture Review Committee may be removed and replaced at any time with or without cause, and without prior notice, by Declarant, for so long as Declarant has the right to appoint the members thereof, and thereafter by the Board. Subsequent to the expiration of Class B Membership (and earlier if Declarant specifically assigns this right to the Board), the Board shall designate the number of and appoint the members of the Architecture Review Committee on an annual basis. At any time, Declarant may elect not to designate the number of and/or appoint the members of the Architecture Review Committee and may assign this right to the Board. If such appointment to the Board occurs, all references to the Architecture Review Committee shall mean and include the Board.

Section 3. Procedure. No building, fence, wall, or other structure shall be commenced, erected, or maintained upon any Lot or Common Areas, nor shall any exterior addition to, or change, or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to the Architecture Review Committee and approved in writing by the Architecture Review Committee as to harmony of external design and location in relation to surrounding structures and topography.

Section 4. Rejection of Plans and Specifications. The Architecture Review Committee shall have the right to refuse to approve any plans, specifications, and/or plot plans, taking into consideration the suitability of the proposed building or other Improvements, the materials of which it is to be built, whether or not it is in harmony with the surroundings, and the effect it will have on other residences already constructed in the Subdivision.

Section 5. Submittal of Plans to Architecture Review Committee. Prior to the commencement of any construction, other than the Initial Improvements made by the Approved Builder(s), each Owner shall submit to the Architecture Review Committee, in duplicate, plans and drawings, in a one-eighth (1/8) scale or larger, which shall contain, at a minimum:

- (a) front, rear and side elevations;
- (b) floor plans showing major dimensions and openings;
- (c) exterior building material to include color and type of material (vinyl, aluminum, cedar, etc.);
- (d) exterior trim color;
- (e) roofing material and color;
- (f) other materials necessary to illustrate the character of the proposed construction;
- (g) a statement of the estimated completion dates of all construction and improvements; and
- (h) other standards set forth within this Declaration (and any amendments hereto) or as may be published by the Architecture Review Committee.

These requirements also pertain to any alterations and/or additions to existing structures.

The documents and other information required to be submitted shall be delivered or mailed to the Architecture Review Committee of Cavins Farm or some other designee as may be appointed by Declarant or the Board. One complete set shall be retained by the Architecture Review Committee and the other complete set shall be returned to the applicant, with the Architecture Review Committee's approval or disapproval clearly noted thereon.

Section 6. Effect of Failure to Approve or Disapprove.

(a) In the event the Architecture Review Committee, or its designated committee fails to approve or disapprove such plans within thirty (30) days after they have been received by the Architecture Review Committee, such denial will be automatic. The terms "Building" or "Improvements" shall be deemed to include the erection, placement, or alteration of any wall, fence driveway, or parking area, or any such activity undertaken subsequent to initial construction.

(b) If an Owner erects any Improvement on a Lot and a suit to enjoin the erection of or to require the removal of such Improvements is not brought by a person or entity having standing to sue within three (3) months from the commencement of construction of such Improvements, then this Article shall be deemed to have been fully satisfied; provided, however, that a Special Individual Assessment may be levied against the Owner for said violations.

Section 7. Hardships. The Architecture Review Committee is authorized to modify or amend, during or before the construction or alteration of any Improvement, the provisions of this Declaration concerning set-back and location and size of Improvements for any particular Lot if in the reasonable opinion of the Architecture Review Committee, such shall be necessary to prevent undue hardship.

Section 8. Enforcement. In addition to the rights of the Declarant and the Association to enforce the provisions of this Declaration as set forth hereinafter, the Architecture Review Committee shall have the specific, nonexclusive right to enforce the provisions contained in this Article VI and/or to prevent any violation of the provisions contained in this Article VI by a proceeding at law or in equity against the Owner violating or attempting to violate any such provisions contained herein. The Architecture Review Committee shall also have the right to request that the Board levy upon an Owner a Special Individual Assessment for said violations. In the event that the Architecture Review Committee, the Declarant or the Association resorts to litigation to determine the propriety of any constructed Improvement, to remove any unapproved Improvement, or otherwise to remedy a violation of this Article VI, the Architecture Review Committee, the Declarant, or the Association, as applicable, shall be entitled to recover court costs, reasonable attorneys' fees and expenses incurred in connection therewith, which costs, fees and expenses may be levied as a Special Individual Assessment against the offending Owner's Lot.

Section 9. Reservation of Rights by Declarant. The Declarant expressly reserves the right to assign any of the duties, powers, functions, and approval authority set forth in this Declaration to any assignee at Declarant's sole discretion.

Section 10. Exculpation. Neither Declarant, any Approved Builder nor any member of the Architecture Review Committee, shall be responsible or liable in any way for any defects in any plans or specifications approved by the Architecture Review Committee, nor for any structural defects in any work done according to such plans and specifications approved by the Architecture Review Committee. FURTHER, NEITHER DECLARANT, ANY APPROVED BUILDER NOR ANY MEMBER OF THE ARCHITECTURE REVIEW COMMITTEE SHALL BE LIABLE FOR DAMAGES TO ANYONE BY REASON OF MISTAKE IN JUDGMENT, NEGLIGENCE, MISFEASANCE, MALFEASANCE OR NONFEASANCE ARISING OUT OF OR IN CONNECTION WITH THE APPROVAL OR DISAPPROVAL OR FAILURE TO APPROVE OR DISAPPROVE ANY SUCH PLANS OR SPECIFICATIONS OR THE EXERCISE OF ANY OTHER POWER OR RIGHT OF THE ARCHITECTURE REVIEW COMMITTEE PROVIDED FOR IN THIS DECLARATION. EVERY OWNER WHO SUBMITS PLANS AND SPECIFICATIONS TO THE ARCHITECTURE REVIEW COMMITTEE FOR APPROVAL AGREES, BY THE SUBMISSION OF SUCH PLANS AND SPECIFICATIONS, AND EVERY OWNER OF ANY LOT AGREES, THAT HE WILL NOT BRING ANY ACTION OR SUIT AGAINST THE DECLARANT, ANY APPROVED BUILDER, THE ASSOCIATION, THE BOARD, ANY MEMBERS OR OFFICERS OF THE ASSOCIATION OR OF THE BOARD, OR ANY MEMBER OF THE ARCHITECTURE REVIEW COMMITTEE, TO RECOVER ANY SUCH DAMAGES AND HEREBY RELEASES, REMISES, QUITCLAIMS, AND COVENANTS NOT TO SUE FOR ALL CLAIMS, DEMANDS, AND CAUSES OF ACTION ARISING OUT OF OR IN CONNECTION WITH ANY LAW WHICH PROVIDES THAT A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS, DEMANDS, AND CAUSES OF ACTION NOT KNOWN AT THE TIME THE RELEASE IS GIVEN.

Section 11. Maintenance of Lot. It shall be the responsibility of each Owner of a Lot to prevent the accumulation of litter, trash, packing crates, or any other accumulations which shall create an unkempt condition of the buildings or grounds on a lot and/or which shall otherwise tend to substantially decrease the beauty of the Subdivision as a whole or the specific area. No loose trash will be permitted to be strewn about the Subdivision at any time. Garbage containers must be kept out of sight from the street, except during garbage collection hours. All personal use items shall be stored inside when not in use. These items include, but are not limited to, yard tools, sprinklers, wheel barrows and children's toys which would create a nuisance for the community. Owners shall follow the requirements for maintenance set forth in any applicable landscaping guidelines provided to the Owners by the Declarant and/or the Association. All Improvements on the lot shall be kept within reasonable neighborhood standards as determined by the Architecture Review Committee. In the event the requirements of this section are not adhered to, the Association shall send written notice to the Owner via certified mail giving an additional period for compliance of ten (10) days, unless a hardship or special circumstance requires additional time. If the violation continues, the Association may at its sole discretion hire contractors or other personnel to correct said violation and bill the Owner for all costs incurred. In order to enable the Association to accomplish the foregoing, there is hereby reserved to the Association the right and easement to unobstructed vehicular and pedestrian access over and upon each Lot at all reasonable times to perform maintenance as provided for in this Article. In the event the Association performs such exterior maintenance, repair, or replacement, the cost of such maintenance, replacement, or repairs shall be assessed to the Owner as

a Special Individual Assessment and shall become a lien against the Lot of such Owner.

ARTICLE VII - USES PERMITTED AND PROHIBITED

Section 1. Residential Use of Property. All Lots in the Subdivision shall be used for single-family, residential purposes only and no business or business activity shall be carried on or upon any Lot at any time, except with the written approval of the Board; provided however, that nothing herein shall prevent Declarant or any Approved Builder from using any Lot owned by Declarant or such Approved Builder for the purpose of carrying on business related to the development, improvement and sale of Lots in the Subdivision.

Section 2. Use of Outbuildings and Similar Structures. No tent, shack, garage, barn, storage building, or other out-buildings shall be erected upon any Lot without approval from the Architecture Review Committee and, if approved, such structure(s) shall not be used as a residence either temporarily or permanently. No structure of a temporary nature (including but not limited to tents) or an unfinished house shall be used as a residence and no house trailer, modular home, manufactured home, mobile home, or watercraft longer than twelve feet (12') shall be placed on any Lot either temporarily or permanently.

Section 3. Trailers, Boats, Boat Trailers. Any boat or boat trailers, camping trailer, recreational vehicle, utility trailer and/or similar equipment used for the personal enjoyment of a resident of a Lot shall at all times be neatly stored and positioned so as to be inconspicuous or shall be within a covered and screened area and such placement is subject to Architecture Review Committee approval. The Architecture Review Committee may ask that such equipment be removed at any time it is deemed to be a nuisance by the Board or the Architecture Review Committee. A Special Individual Assessment will be imposed for all costs and expenses incurred by the Association and/or the Architecture Review Committee in connection with any violation of this Section. Note that this section is subject to the prohibition on watercraft longer than 12' being kept on a lot either temporarily or permanently as set forth in Article VII, Section 2 above.

The term "inconspicuous" as used in the preceding paragraph shall be deemed to mean: (a) "invisible" or "not visible" from the street or any neighbor's Lot, or (b) completely obstructed by a privacy fence such that it appears invisible from any angle exterior to the subject Lot.

Section 4. Offensive Activities. No obnoxious or offensive activity shall be permitted anywhere on a Lot or Common Area(s) nor shall anything be done which may become an annoyance, nuisance, or menace to the Subdivision. No Lot or any part thereof shall be used for any business, commercial, or public purpose, except as set forth in Article VII, Section 1 above. The Board of Directors shall have the power to make and to enforce reasonable rules and regulations in furtherance of this provision.

Section 5. Livestock. No animals shall be kept, maintained, or quartered on any Lot or

tract in the Subdivision except that cats, dogs, rabbits, hamsters, or caged birds may be kept in reasonable numbers as pets for the pleasure of Owners so long as said animals do not constitute a nuisance or menace to the neighborhood.

Section 6. Aesthetics, Natural Growth, Screening. Tall shrubbery or hedges shall be trimmed to reasonable limits where traffic hazards may be created. Further, all Owners shall be required to maintain their Lots and any Improvements thereon at all times in a neat, attractive and presentable manner so as not to detract from the overall appearance of the Subdivision or the surrounding property.

Clotheslines and portable basketball goals shall not be allowed. No bird baths, vegetable gardens, frog ponds, lawn sculpture, artificial plants, birdhouses, rock gardens or similar types of accessories and lawn furnishings, sand boxes or other children's play equipment shall be permitted in the front or side yards of any Lot and the installation or location of a swing set and/or permanent basketball goal on a Lot must receive prior written approval of the Architecture Review Committee.

Section 7. Vehicles. Each Owner subject to these restrictions shall provide space for the off-street parking of automobiles prior to the occupancy of any building or structure constructed on a Lot in accordance with reasonable standards established by the Architecture Review Committee. Vehicles shall not be parked in any front or side yard except in areas designated as a driveway or parking area. Vehicles in disrepair shall not be stored within the Subdivision. No passenger vehicles without current registration and license tags will be allowed in the Subdivision or on any Owner's Lot. Vehicles being repaired out of doors must have work completed within twenty-four (24) hours. Visiting guests only may use paved streets for temporary parking of their vehicles. No commercial vehicles, with the exception of police cruisers, may be stored or housed in the Subdivision at any time, or may be parked overnight in the Subdivision, unless parked inside the garage.

Street parking shall be for temporary parking only and is prohibited as a long-term parking solution. The Board or its designee shall have the specific right to impose Special Individual Assessments for extended on-street parking. Special consideration may be granted by the Board for extenuating circumstances.

Section 8. Garbage and Refuse Disposal. No portion of a Lot shall be used or maintained as a dumping ground for rubbish, trash or garbage. Trash, garbage or other waste shall only be temporarily stored awaiting pickup and must be kept in adequate sanitary containers. All equipment for the storage or disposal of trash, garbage or other waste shall be kept in a clean and sanitary condition. Any container used to store garbage, refuse and debris until collected by a public or private waste disposal service shall be stored on each Lot so that it shall be out of sight from all streets. All containers shall be removed from the street within twenty-four (24) hours of garbage pick-up.

Section 9. Outdoor Fires. No outside burning of wood, leaves, trash, garbage or other refuse shall be permitted on any Lot, except that an outdoor fireplace or permanent outdoor firepit

may be approved by written approval from the Architecture Review Committee as further described herein.

Section 10. Fences and Walls. All fences, walls, and other screens or types of barriers must be approved prior to installation pursuant to Article VI, Section 1. Both material and locations of any fences, walls, and other screens or types of barriers must be expressly approved in writing by the Architecture Review Committee.

Section 11. Above Ground Pools. No above-ground pool shall be constructed or placed on any Lot, except that inflatable pools for small children are acceptable.

Section 12. Garages. No residence shall be constructed without having at least a one-car garage which will be maintained permanently as a functional garage, with the exception that sales models constructed by Approved Builder(s) are not required to have functional garages while they are being used as sales models; however, there must be space to be converted to functional garage space upon conveyance of the Lot to a Class A Member.

Section 13. Driveways and Entrances to Garages. All driveways and entrances to garages shall be concrete or some other substance approved in writing by the Board or the Architecture Review Committee and of a uniform quality.

Section 14. Signage. No signs shall be permitted on any Lots except that a single sign offering the Lot for sale may be placed on such Lot, provided such sign is approved by the Architecture Review Committee. Further, so long as Class B Membership exists, Declarant reserves the right to place additional signs as needed within the Subdivision. The Board, through the Architecture Review Committee, reserves the right to allow additional signs as deemed appropriate after Class B Membership ceases. Notwithstanding the forgoing, a single sign may be placed on a Lot giving notice that a home security system is in place.

Section 15. Mailboxes. All residences shall have a special mailbox which will be available from a source to be specified by the Declarant. Common box units as required by the USPS shall be located throughout the neighborhood. Initial placement of these units shall be determined by the Declarant and/or Approved Builder with maintenance being the responsibility of the Association.

Section 16. General Rules and Regulations. The Board shall have the power to formulate, publish, and enforce reasonable general rules and regulations concerning the use and enjoyment of the yard space of each Lot and the Common Area(s). Such rules and regulations, along with all policy resolutions and policy actions taken by the Board, shall be recorded in a Book of Resolutions, which shall be maintained in a place convenient to the Owners and available to them for inspection during normal business hours and with reasonable notice.

ARTICLE VIII – EASEMENTS

Section 1. Easements Along Lot Lines. In addition to other easements as are shown on

the Plat, a five foot easement is reserved over and across each side and rear lot line, and a ten foot easement is reserved over and across the front lot line of each Lot, for drainage, utility, cable television, gas, water, power, sewer, and telephone installation and maintenance; provided that should two Lots be consolidated to support one residence, then and in that event, the easements herein above provided shall apply only with respect to the exterior lines of such consolidated Lot.

Section 2. Reservation of Right to Grant Utility Easements. Declarant specifically reserves the right to grant specific easements to any utility services at any time following the date hereof until any specific Lot shall be conveyed by Declarant. The right is reserved to authorize the laying and placement of sewer, gas, and water pipelines, telephone, cable television, telegraph, and electrical light poles and drainage lines, drop inlets, and culverts on any of the streets and easements shown on the Plat. An easement for the installation and maintenance of utilities and drainage facilities is hereby reserved over all streets and easements.

Section 3. Access Easement. Easements for access to the Subdivision are reserved as indicated on the Plat and in recorded easements. The Declarant hereby grants, gives and conveys to each Owner and Approved Builder(s) a perpetual, nonexclusive easement over the areas designated as a "Court," "Drive," "Road," "Street," "Way," "Lane," or "Avenue," or "Trail," on the Plat for vehicular and pedestrian ingress and egress to and from the Subdivision. The easements granted under this Section are reserved and shall run with the land in perpetuity and be binding upon and inure to the benefit of all persons and entities now owning or subsequently acquiring all or a part of the Subdivision, subject to Declarant's right to amend the Plat in the future. Declarant specifically reserves the right to dedicate or convey any street, road or driveway to any governmental entity at any time following the date hereof without the consent or approval of any Owner or the Association.

ARTICLE IX- SETBACK, LOCATION, AND SIZE OF IMPROVEMENTS

Section 1. Setbacks. No building shall be erected on any Lot nearer to the front lot line or nearer to the side street line than the building setback line shown on the Plat. Any such building shall face toward the front line of the Lot except that buildings to be constructed on corner Lots shall face in the direction designated by the Architecture Review Committee. No building shall be located nearer to any interior side lot line than the distance determined by applicable building codes.

Section 2. Detached Buildings. Detached buildings, approved as provided in this Declaration shall be of the same exterior material as the house on the Lot and of a size no greater than 12' x 12' and shall be placed no nearer to any Lot line than the distance determined by applicable building codes. **THE LOCATION OF ALL DETACHED BUILDINGS SHALL BE APPROVED IN ADVANCE BY THE ARCHITECTURE REVIEW COMMITTEE.**

Section 3. Barriers and Obstructions. No wall, fence, or hedge shall be erected between the street and the front corner of the main body of a house on any Lot. Subject to approval by the Architecture Review Committee, wood fences with a maximum height of six (6') feet are required on the line facing the street and can be placed no closer to the street than the middle of the house on any

Lot.

Section 4. No Subdivision of Any Lot. No Lot shall be recut so as to face in any direction other than is shown on the Plat nor shall it be recut so as to make any building site smaller than is provided for on the Plat.

Section 5. Combination of Lot. One or more Lots or parts thereof may be combined with the adjacent Lots to form a single building Lot when (i) such combination is permitted by all applicable laws and regulations and (ii) such combination is approved, in writing, by the Board. In such event, the building line requirements provided herein shall apply to such Lots as combined and side line easements as shown on the Plat(s) shall be moved to follow the new side line so that the easement will run along the newly established side line.

ARTICLE X - GENERAL PROVISIONS

Section 1. Enforcement. The Declarant, any Approved Builder (so long as it owns a Lot), the Association, or any Owner, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of the Declaration, the Articles of Incorporation, or Bylaws. The Declarant or the Association shall have the right to impose Special Individual Assessments for infractions of such restrictions. In the event that the Declarant, any Approved Builder, any Owner, or the Association resorts to litigation to remedy a violation of this Declaration, such Owner, Declarant, Approved Builder, or the Association, as applicable, shall be entitled to recover court costs, reasonable attorneys' fees and expenses incurred in connection therewith, which costs, fees and expenses may be levied as a Special Individual Assessment against the offending Owner's Lot. Failure by the Declarant, the Association, an Approved Builder, or any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. The Declarant, the Association, the Approved Builder, and any Owner shall have the right to request that law enforcement, public safety and animal control officers come on the Subdivision to facilitate the enforcement of the laws, codes and ordinances of any governmental authority.

Section 2. Severability. Invalidation of any one of these covenants or restrictions by a judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.

Section 3. Amplification. The provisions of this Declaration are amplified by the Articles of Incorporation and Bylaws, but no such amplification shall alter or amend any of the rights or obligations of the Owners set forth in this Declaration. Declarant intends that the provisions of this Declaration on the one hand, and the Articles of Incorporation and Bylaws on the other, be interpreted, construed and applied to avoid inconsistencies or conflicting results. If such conflict necessarily results, however, the provisions of this Declaration shall prevail over any inconsistent provision contained in the Articles of Incorporation or Bylaws to the contrary, to the extent permitted by law.

Section 4. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land, for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years. Declarant specifically reserves the right to amend this Declaration, or any portion hereof, on its own motion without the consent of any other Owners or Members so long as Declarant owns at least one (1) Lot in the Subdivision. After Class B Membership has ceased, this Declaration may be amended by a recordable instrument signed by Owners representing not less than sixty-seven (67%) percent of the Lots as provided for in Article III, Section 2 of this Declaration. Any amendment must be recorded with the Office of the Register of Deeds of Spartanburg County, South Carolina. As long as Declarant or any Approved Builder owns any Lot in the Subdivision, no amendment shall be effective without the written consent of Declarant or Approved Builder.

Section 5. Annexation.

(a) Additional Property may be annexed into the Subdivision and made subject to this Declaration by the Declarant by filing a supplemental declaration of record. Subject to subparagraph (b) below, such annexation must be approved by two-thirds (2/3) of each class of members.

(b) Notwithstanding the above, Additional Property may be annexed by the Declarant without the consent of the Class A Members within ten (10) years of the date of this instrument; provided, however, that should Declarant elect to improve and develop all or part of the Additional Property, Declarant shall not have the right to impose covenants and restrictions which materially differ from those contained herein without the written approval of the Association.

Section 6. Notices. All notices, requests, demands, and other communications allowed, made, or required to be made pursuant to the terms of this Declaration shall be in writing and shall be deemed to be given or made when personally delivered (including personal delivery by Federal Express or other nationally recognized overnight private courier service) or the date that is three (3) days after the date of postmark of any notice when deposited with the United States Mail, addressed in any such event to the party to whom such communication is directed at such address as is set forth below or at such other address as may hereafter be designated in writing by the respective parties hereto:

If to Owner (other than Declarant or Approved Builder):

If to an Approved Builder:

ARTICLE XI - MISCELLANEOUS

Section 1. Notice of Conveyance. The Owner of each Lot shall cause written notice to be delivered to the Association upon the conveyance of any Lot by the Owner, advising the Association of the conveyance.

Section 2. Declarant's Rights. Any or all of the special rights and obligations of the Declarant set forth in this Declaration or the Bylaws may be transferred to other Persons, provided that the transfer shall not reduce an obligation nor enlarge a right beyond that contained in this Declaration or in the Bylaws, as applicable. Furthermore, no such transfer shall be effective unless it is in a written instrument signed by the Declarant and duly recorded in the public records of Spartanburg County, South Carolina. Nothing in this Declaration shall be construed to require the Declarant or any transferee to develop any of the property adjacent to or contiguous with the Property.

Notwithstanding any provisions contained in this Declaration to the contrary, so long as construction and initial sales of units shall continue, it shall be expressly permissible for the Declarant and Approved Builders to maintain and carry on upon portions of the Common Area and public streets such facilities and activities as, in the sole option of the Declarant, may be reasonably required, convenient, or incidental to the construction or sale of such units, including, but not limited to business offices, signs, model units, sales offices, and rental units. The Declarant and Approved Builders authorized by Declarant shall have easements for access to and use of such facilities as well as vehicular access for construction along public streets. The right to maintain and carry on such facilities and activities shall include specifically, without limitation, the right to units owned by the Declarant and any common area or other facilities which may be owned by the Association, as models, sales offices, or rental units.

In addition, notwithstanding any contrary provision of this Declaration, the Bylaws, or any Association rules, the Declarant shall have the right to replat or revise the recorded plats relating to any portion of the Property without the consent of any Owner other than the Owner(s) of the Lots in which the boundaries are altered.

So long as Declarant owns Property within the Subdivision, Declarant may, without the express written consent of any Owner, the Board, the Association or the Architecture Review Committee, include in any contract or deed hereafter executed covering all or any portion of the Subdivision, any additional covenants or restrictions applicable to such lands, so long as they are consistent with and do not lower the standards set forth in this Declaration and do not violate any covenants or restrictions then in effect and recorded against the Subdivision. Further, the Declarant may make any amendments to the Declaration which are necessary to comply with the guidelines established by, or the requirements of, any governmental authority, title insurer or institutional lender without the express written consent of any Owner, the Association, the Board of Directors, or the Architecture Review Committee.

So long as the Declarant continues to have rights under this Article, no person or entity shall record any declaration of covenants, conditions and restrictions, or similar instrument affecting any portion of the Properties without Declarant's review and written consent. Any attempted recordation without compliance herewith shall result in such declaration of covenants, conditions and restrictions, or similar instrument being void and of no force and effect unless subsequently approved by written consent signed by the Declarant and recorded in the public records.

HOW TO MAKE A REQUEST TO THE ARCHITECTURAL REVIEW COMMITTEE	A-1
EXHIBIT B	B-1
FENCE GUIDELINES	B-1

INTRODUCTION

The Cavins Farm Homeowners' Association, Inc. (the "Association") Architectural Guidelines (the "Guidelines") have been duly adopted by the Board of Directors of the Association and shall be recorded in the Office of the Register of Deeds for Spartanburg County. These Guidelines are not to be considered the sole statement of regulations. Capitalized words used in these Guidelines shall have the meaning ascribed to them in the Covenants, Conditions and Restrictions for the Association recorded in the Office of the Register of Deeds for Spartanburg County (the "Covenants"), unless expressly provided otherwise herein.

This document is not intended to be comprehensive; rather it is a guideline for Owners considering modification to their Lot or exterior of their dwelling unit. These Guidelines are subject to revision without notice.

The Covenants and the provisions requiring Owners and other persons to obtain the approval of the Board or Committee with respect to certain actions specified in the Covenants are independent of the obligation of Owners and other persons to comply with all applicable laws, ordinances and regulations, and compliance with provisions of the Association documents shall not relieve Owners or other persons from the obligation to also comply with all applicable laws, ordinances and regulations.

A. DESIGN REVIEW PROCESS

1. Any change, addition, or modification to a lot or a building exterior of a dwelling unit requires the prior written approval of the Committee. Owners with proposed changes should contact the management company, with whom the Association has contracted for community management, to obtain the necessary architectural guidelines and submittal documentation.
2. Simply stated, no improvement, alteration, repair, addition, or other work, including changes in exterior color, is to occur on any Lot or exterior of any dwelling unit from its improved state existing on the date such property was first conveyed by Builder to a purchaser without prior approval of the Committee. The responsibility of the Committee is to ensure that the harmonious, high-quality image of Cavins Farm and Waverly Springs is implemented and maintained.
3. Any Owner requesting approval of any construction, installation, addition, alteration, repair, change or other work to their Lot or dwelling unit shall follow the application procedures listed in the Application Procedure Section below. Response to the submittals will be returned to the applicant within thirty (30) days of receipt. Please confirm that the management company has received your application. If approval is not received within thirty (30) days, the application is automatically denied.

B. APPLICATION PROCEDURES

1. An Owner shall submit (i) a written request for approval to the Committee via the community website, specifying in detail the nature and extent of the addition, alteration, repair, change or other work the Owner desires to perform, including, without limitation, the distance of such work from neighboring properties, if applicable, and (ii) any additional information, plans and specifications which the Committee may request.

2. The approval of an Application by the Committee shall be in addition to and not in lieu of any approvals or permits which may be required under any federal, state or local law, statute, ordinance, rule or regulation.
3. The approval of an Application by the Committee shall not be deemed a warranty or representation by the Committee as to the quality of such construction, installation, addition, alteration, repair, change or other work or that such construction, installation, addition, alteration, repair, change or other work conforms to any applicable building codes or other federal, state or local law, statute, ordinance, rule or regulation.
4. **It is the Owner's responsibility to ensure that any proposed construction is coordinated with, and where applicable, approved by all applicable governmental agencies, including without limitation, any municipality, county, state or federal agency. The Committee, the management company, and the Association assume no responsibility for obtaining these reviews and approvals. Approval by the Committee does not indicate or imply that the request complies with local zoning or building code requirements.**

C. DESIGN GUIDELINES

1. General Principles. The purpose of the Committee is to promote consistent application of the Guidelines. The Guidelines promote those qualities in Cavins Farm and Waverly Springs that enhance the attractiveness and functional utility of the community. Those qualities include a harmonious relationship among structures, vegetation, topography, and overall design of the community.
2. Design Compatibility. The proposed construction must be compatible with the design characteristics of the property itself, adjoining properties, and the neighboring setting. Compatibility is defined as harmony in style, scale, material, color, and construction details.
3. Workmanship. The quality of workmanship evidenced in construction must be equal to, or better than that of the surrounding properties. In addition to being visually objectionable, poor construction practices can cause functional problems and create safety hazards. The Association and the Committee assume no responsibility for the safety or livability of the new construction by virtue of design and workmanship.
4. Antennas and Satellite Dishes. While the Association does not prohibit the use of antennas, satellite television dishes or other structures designed for the receipt or transmission of television, radio or other communication signals on any Lot, the Association does regulate the size and location. All antennas, satellite television dishes or other structures are to be located in the rear of the house and not visible from the road. However, corner lots will be reviewed on an individual basis. All antennas, satellite television dishes or other structures are to be submitted to Committee with a diagram showing the location and size of the device to ensure that they do not negatively impact the general development scheme and appearance of Cavins Farm and Waverly Springs.
5. Generators and HVAC Units. Installation requires approval from the Reviewer. The use of window cooling and/or heating units is strictly prohibited. The installation of Mini split units is prohibited on the front side of the home. Replacement of older HVAC units will not require ARC approval so long as the replacement is comparable to original equipment.

6. Storm Doors. Storm doors submitted for approval must feature a minimalist design. Accessory features, including but not limited to pet doors, kick plates, vents, mail slots, retractable screens, or reinforced bars are prohibited on storm doors located on the front of the home. Storm doors proposed for rear doors or doors not visible from the street may be reviewed on a case-by-case basis. Variations in accessory features may be considered for rear applications only and do not establish precedent for front-facing installations. Storm door color must match or coordinate with the home's primary door color, exterior trim, or approved accent colors.
7. Doors, Shutters, Windows, and Exterior Siding. Doors, shutters, windows and exterior siding are considered integral exterior elements of the home. All exterior components, including but not limited to those made of vinyl, fiber cement, wood, brick, and brick veneer, shall be inspected by the homeowner at least annually. Any exterior deterioration, damage, or fading must be promptly repaired or corrected to maintain the appearance of the home. Submitted color and material replacements shall closely resemble the builder-installed community colors and materials, except where proposed improvements may differ while enhancing the property and not detracting from the aesthetic harmony of neighboring homes or the community as a whole.
8. Decks, Arbors, Pergolas, Covered Patios, Gazebos & Other Structures. The Committee encourages creative designs and patterns for decks, arbors/ramadas, patios and gazebos particularly in replacement of existing builder-supplied components. However, plans for such improvements shall be submitted to the Committee for approval and must comply with all City, County, and State ordinances.
 - a. The structure must be maintained in good condition.
 - b. The structure may not exceed 10 feet in height.
 - c. The color of the structure must match or blend with the colors of the exterior of the home.
 - d. Corrugated metal or plastic roofs are not permitted for these structures.
 - e. Any outdoor housing for animals is prohibited.
9. Driveway Extensions & Walkways. Driveway extensions will be reviewed for approval provided the following conditions are met:
 - a. Submittals must include a plan with the location and dimensions of the proposed improvement.
 - b. Consideration must be given to the existing drainage, and water run-off must not be compromised.
 - c. Driveway extensions must match the builder-installed driveway in color and finish.
 - d. Extensions will not be approved to be installed any less than three feet from the property line.

11. Fences. All proposed fence locations and details require prior written approval from the Committee and are subject to the following conditions (see **Exhibit B for specific guidelines on installations**):

- a. No above-ground fencing shall be located in the front yard of any Lot.
 - b. No chain link fencing shall be allowed. See Exhibit B for examples of acceptable fence styles.
 - c. **A plot plan or copy of the surveyor's plat shall be provided to indicate the exact location of the fence in relation to the dwelling unit and property lines. The following dimensions shall be included: length of each fence section and distance of each fence section to its adjacent property lines along with the location and size of gate(s). Applications that do not contain a plot plan will be rejected.**
 - d. Natural or landscaped drainage must not be disturbed in connection with the installation of the fence.
 - e. Consideration should be given to access and ease of maintenance when selecting location and treatment.
 - f. Owners are cautioned that building a fence over easements or access right-of-ways ((e.g.), utility easements) may result in removal or destruction of the fence. Such building of the fence is done entirely at the risk and expense of the Owner.
 - g. Lots with maintenance included will require a gate of sufficient width to allow access by landscapers. No owner may assume responsibility for the maintenance of the backyard.
 - h. Fences must be maintained in good condition, with necessary cleaning, repairs, painting, or staining completed as needed to prevent deterioration.
12. Trash Can Enclosures. Enclosures require prior written approval of the Committee and are subject to the following conditions:
- a. Enclosures must be located to the side or rear of the dwelling and may not be placed any closer to the front of the home than 5 feet.
 - b. Approved materials include that of approved fencing materials or similar materials.
 - c. Chain link fencing, tarps, fabric screens, or temporary materials are prohibited.
 - d. Enclosures shall not exceed six (6) feet in height.
 - e. The size of the enclosure must be reasonably proportionate to the number and size of containers being screened.
 - f. Enclosures must be kept in good repair at all times, including structural integrity, cleanliness, and appearance.
13. Play Structures. No play sets, swing sets or similar playground equipment that would be visible from neighboring property shall be erected or installed on any Lot without the prior written approval of the Committee.
14. Pools and Spas. Pools and spas require prior written approval of the Committee prior to the commencement of any construction. Except for whirlpool spas, above-ground pools are not permitted. Spas must be screened from view of neighboring lots. Pools require a fenced-in lot. All pool and spa submissions must include the plans and specifications, as prepared by the pool or spa contractor, and must include the location of equipment, size of pool and spa, size of deck, setbacks and any proposed safety fencing. Pool equipment must be screened. Runoff from pool drainage must be considered in the overall landscape plan. In addition to Committee approval, pools and spas must be installed according to all City, County and State requirements.
15. Solar Panels. Except as may be initially installed by the Declarant or builder and if permitted by applicable state regulations or other laws, no solar energy collecting unit or panels shall be placed, installed, constructed or maintained upon any Lot without prior written approval of the Committee. All solar panels will be flush mounted if visible from neighboring property and may only be located on the rear of a home out of sight from streets and roadways. Solar panels are not permitted in townhomes.

16. Storage Sheds, Carports, Barns & Greenhouses. Carports and barns are prohibited. Storage sheds and greenhouses require prior written approval of the Committee and are subject to the following guidelines:
 - a. Sheds and greenhouses may not be placed against the home or in side yards past the rear corners of the home towards the front of the home.
 - b. Sheds and greenhouses may not exceed 10 feet in height, or 10 feet x 14 feet in size, or 140 square feet maximum.
 - c. Quality materials and construction shall be required. If placing the shed on concrete blocks, the blocks must be concealed by color-coordinating underpinning.
 - d. Sheds must match the exterior of the dwelling unit including siding, color, and roofing materials. Metal and resin sheds are not permitted.
 - e. Sheds and greenhouses must be placed at least 5 feet from the property line.
 - f. Greenhouses must coordinate with the colors of the home.
17. Screened Porches. Screened porches require prior written approval of the Committee and are subject to the following guidelines:
 - a. Quality aluminum or similar materials and construction shall be required.
 - b. The improvement must color-coordinate with the exterior of the dwelling.
 - c. Wood materials may be presented for approval and will be approved if said materials are installed with a professional presentation.

D. LANDSCAPE GUIDELINES— SINGLE FAMILY

1. Landscape. Landscaping improvements or variations from the builder-installed materials shall require prior written approval and must be installed in accordance with plans approved in writing by the Committee. Mulch may be installed without approval; however, the color of the mulch must be neutral and natural in tone. To ensure aesthetic consistency, all lawns shall not be changed from the grass type originally installed on the Lot by the Builder (typically Bermuda, provided, however, the Builder has the right in Builder's discretion to install other types of grass for landscaping purposes). Overseeding any portion of the Lot with any type of grass other than the type originally planted by the Builder is prohibited. After build-out, grass type changes may be considered on a case-by-case basis.
2. Trees. The removal of a live tree shall require prior written approval unless the tree is less than two (2) inches in diameter at a height above the ground of two (2) feet. Removal of dead trees does not require approval, regardless of size. It is the Owner's responsibility to provide documentation that the tree is dead, if required. Front yard trees considered for approval shall closely resemble the builder installed front yard trees in general form and size at maturity. Palm trees will not be considered for approval in front yards. Trees used for privacy screening must not extend beyond the middle point of the home towards the street, must be planted into the ground, and must not be planted any closer to the property line than the expected width at maturity. The variety of the trees must be provided in the submission for consideration. Thuja Green Giants are prohibited.

Such additional flag must be equal in size or smaller than the United States flag. An Owner may erect a freestanding flagpole for such flags no more than 12 feet high on any portion of the homeowner's real property, if the flagpole does not obstruct sightlines at intersections and is not erected within or upon an easement. The flagpole and display are subject to all building codes, zoning regulations, setbacks and other applicable governmental regulations, including but not limited to, noise and lighting ordinances.

EXHIBIT B

FENCE GUIDELINES

FENCES

- Chain link fences are not permitted.
- The following types of fences are the allowed styles within the community and shall not be installed to any greater than 6 feet:

Wood, but must be stained clear or neutral to oak color. Standard “dog-eared” fencing will be allowed

White vinyl, light or neutral vinyl

Black Aluminum ***OR*** other metal, wrought iron or stone
- Proposed fencing cannot negatively impact or impede the community drainage plan. (Example: Fence pickets cannot be buried in the ground, which would restrict the natural drainage flow of surface water across the properties.)
- Generally, fences should be installed on property lines and connected to any neighboring fences — where applicable and when permission is granted by neighboring owner(s). However, owners are permitted to install fences 3 feet or more from the property line provided that the owner understands they remain obligated to maintain any landscaped areas outside the fence. No two adjacent fences may be installed so that they abut each other; owners may either 1) tie into a single fence run with neighboring homeowner’s permission; 2) offset any fence by 3 feet from the neighboring property line; 3) end at the property line without attaching to neighboring fence. Exceptions to this rule can be made by the Architectural Review Committee based on certain features of individual lots that may make installation on the property line impractical, impossible, or interfere with drainage or other easements.
- On corner lots, fencing must be placed a minimum of 10 feet from the property line as noted on the official survey/plot plan. This is **NOT** from the street or the sidewalk.
- Fences installed within an easement area are subject to removal for maintenance within the easement.
- Owners bear the risk of re-installing any fence within an easement at their own expense if that fence must be moved within an easement.
- The maximum span between posts shall be ten (10) feet. The minimum post size shall be 4 X 4 inches and must have two 2 rails per section.
- Generally, fences shall not be located closer to any street than halfway up the side of the home as measured from the rear corner to the front corner of the structure on each side of the home.
- A gate must be installed for landscaping access in units that come with included yard maintenance.
- All fence posts for all fences must be set in concrete.

Approved Fence Examples:

6-foot white vinyl fence

4- or 5-foot black aluminum fence

6-foot dog eared wood fence
